

Nursery Home Learning Pack

Your child's home learning pack includes a variety of different activities you can do with your child. *Some of the sheets need to be cut out by an adult first e.g. number matching cards.*

Included in the pack are:

- Maths resources
 - Number writing
 - Shape colouring
 - Number matching cards
- Playdough ideas with a recipe to make your own playdough
- I spy game
- Fine motor resources
 - Tracing lines
 - Scissor cutting practise
 - Activity idea cards

Learning plan for a day could include:

1. Practise writing their name
2. Choose a fine motor or maths activity to do. There are links to online maths game from <https://www.topmarks.co.uk/maths-games/3-5-years/counting>
3. Read a book (we have plenty we can lend you if you need some variety at home)
4. Tell a traditional tale like Goldilocks and the 3 bears, Little Red Riding hood or The 3 Billy goats Gruff. We tell these stories on the Storyboard but you can watch them animated by 'Oxbridge Baby' on YouTube. Then see if your child can re-tell the story or act it out.
5. Play with something messy – playdough, paint, baking, water etc. You could try some 'dough disco', there are videos on YouTube by 'Early Years Emily'
6. Go outside if you can. Find different ways to move around like running, hopping, skipping.
7. Play a game and have some fun!
